Marketing

Catalogue Description: Tline 2200 is the new compact but high-performance professional hairdryer (2200 watts of power). The lightweight motor is fitted with an energy-saving high-performance fan, while the pleated steel resistance element offers a larger heating surface. Thanks to these features, Tline 2200 is able to maintain high performance with low energy consumption. Ion technology leaves the hair glossy and shiny, without frizz. The Tline 2200 is ideal if you want power and practicality, while its design makes for great handling. In addition, the Tline's well-balanced weight makes it one of the lightest dryers in its category.
