Catalogue Description: Designed to meet the needs of professionals, Upgrade's GPT Digital Ionic is the new digital hair dryer with extraordinary performance. The GPT (Great Performance Turbo) professional brushless digital motor guarantees a high level of performance in terms of both power and heat. The innovative Turbo function of the GPT Digital Ionic increases the speed and power of the air jet by 30%: this allows the hair to dry faster, optimising work in the salon, for perfect, long-lasting styling. It is extremely versatile: the wide temperature range allows you to choose gentle drying, for delicate hair, or 180°C heat to handle more difficult hair. The sinuous, elegant lines and fine finishes design a compact, lightweight and ergonomic hair dryer that places it at the top of its category. Its perfect balance makes it ideal for intensive professional use, without burdening the wrist.
